ENROLLMENT STATUS

Enrollment status is defined as "enrolled" or "withdrawn" and is determined by the amount of credit hours for which a student is enrolled. Enrollment status is broken down into the following categories:

- Full-time: 12 or more credits
- Three-quarter time: 9-11 credits
- Half-time: 6-8 credits
- Less than half-time: 1-5 credits

The number of credits in which a student is enrolled in determines the amount of financial aid eligibility. Changes in a student's enrollment status may impact financial aid eligibility.

Students enrolled in a minimum of 6 credits may be eligible to participate in financial assistance programs. Students should always discuss changes in status with a financial aid counselor to determine changes in eligibility and possible consequences.

For more information, contact the Financial Aid Office to discuss financial aid eligibility at financialaid@dunwoody.edu or 612-374-3405.

Verification of Student Enrollment Status

Academic Plan & Degree Progress

Students can monitor their progress toward their declared certificate or degree path using the Degree Requirements feature in My.Dunwoody (https://my.dunwoody.edu/). The academic plan shows courses a student has completed, has in progress, and which courses are remaining to satisfy academic requirements for graduation.

Enrollment & Degree Verification

Dunwoody has authorized the National Student Clearinghouse (https://catalog.dunwoody.edu/catalog-student-handbook/academic-policies/enrollment-status/www.degreeverify.org) to provide enrollment and degree verifications. The National Student Clearinghouse provides electronic verification of student enrollment and degree completion to employers, employment agencies, background search firms, and various other businesses.
