

DRUG, ALCOHOL AND TOBACCO POLICIES

Drug and alcohol abuse affects the health, safety, and well-being of all students and restricts Dunwoody's ability to carry out its mission. Dunwoody prohibits the possession, use, or distribution of illegal drugs, narcotics, medical marijuana, recreational marijuana, and alcohol on any campus property or as part of any Dunwoody sanctioned activity.

Health Risks of Alcohol and Drug Use

Short term health risks of alcohol include risky sexual behaviors, car accidents, violent or aggressive behavior, and/or miscarriages. Long term health risks of alcohol include high blood pressure, learning and memory problems, alcohol dependency, and/or depression. For more information on the health risks associated with alcohol see the Center for Disease Control's website (<https://www.cdc.gov/alcohol/fact-sheets/alcohol-use.htm>).

The health risks as a result of drug use varies with each drug. The following links provide more information on drugs:

Sanctions for Drug and Alcohol Policy Violations

Students who violate Dunwoody's policy against illegal drugs, narcotics, recreational marijuana, and alcohol are subject to the College's Student Code of Conduct (<https://catalog.dunwoody.edu/catalog-student-handbook/student-rights-responsibilities/student-code-conduct/>).

Student Code of Conduct Sanctions

The following sanctions may be imposed on any student or student organization found to be in violation of the code of conduct or any other college policy. The sanction will be in relation to the violation as more severe or pervasive violations will result in more severe sanctions. The following list is not exclusive as other sanctions may be imposed that fit within the guiding principles of this policy. The following sanctions may include additional conditions such as a reflection activity, restitution of financial damages, mental health counseling, meeting with staff on a rotating basis, removal of college property, failing an academic course, or pursuing legal actions. Additionally, a student housing resident may be transferred to a different room or may be evicted from our student housing facility.

Warning: A written or verbal notification to a student that their behavior has violated the code of conduct.

Probation: The conditions of the probation are based on the intensity of the violation. While on probation, if the student violates another college policy or does not follow the stipulations of the probation, then they may be suspended from the College. The probation notification explains: the stipulations of the probation, the length of the suspension, assigned probation conditions, appeal options, and an explanation that any further

violation of the code of conduct or failure to follow the stipulations of the probation may result in immediate suspension from the college.

Suspension: A suspension means that the violation was severe enough to involuntarily separate the student from the College for a certain length of time. The suspension notification explains: the stipulations of the suspension, the length of the suspension, assigned suspension conditions, appeal options, and college reentry conditions.

Expulsion: An expulsion means that the violation was severe enough to permanently and involuntarily separate the student from the College. The notification explains: the stipulations of the expulsion and the assigned expulsion conditions.
