

STOP HAZING POLICY

Our Stop Hazing Policy reflects our unwavering commitment to fostering respect, dignity, and safety within our community. Hazing in any form—whether physical, emotional, or psychological—undermines trust and belonging. This policy clearly defines prohibited behaviors, outlines reporting procedures, and establishes consequences to ensure accountability. By promoting education and prevention, we aim to create an environment where every individual feels valued and supported. Together, we can eliminate hazing and uphold the principles of integrity and inclusion.
