

# WELCOME TO DUNWOODY

---

I want to welcome you to Dunwoody College of Technology. For more than a century, faculty and staff like you have been helping students succeed in the technical and skilled trade fields. Your commitment and caring are why so many students entrust us with their education.

From the beginning, Dunwoody has been a College where the curious and confident learn by doing. Our programs are career-focused, hands-on, and project based. Industry relies on us to send them work-ready graduates who can hit the ground running – from their first day on the job. Because of that, our faculty and staff must stay connected and up to date with the latest trends, best practices, and state-of-the-moment technologies. It's a commitment I know all of you carry with you in your day-to-day responsibilities, no matter your position at the College.

I encourage you to familiarize yourself with Dunwoody's employment policies, practices, benefits, and programs outlined in this handbook. Our policies and practices are instrumental in creating a safe, collegial, and professional environment for all employees. If you have any questions about anything you read, please talk to your supervisor or Human Resources.

I look forward to working with all of you who care about Dunwoody and who want to be part of our bright future.

Thank you for putting students first!

Scott Stallman, Ph.D.  
President
